RECOMMENDATION LETTER

Date: 19th August 2025

TO WHOM IT MAY CONCERN

This is to certify that **Ronald Kiprotich**, a Bachelor of Science in Computer Science student at **Mount Kenya University (MKU)**, successfully completed his industrial attachment at **Spring Training and Consulting Ltd** from **May 2025 to August 2025**.

During his attachment, Ronald served in the **ICT and Software Development Department** and played a vital role in the following areas:

1. **ICT Assets Management** – assisted in the inventory, documentation, and allocation of ICT resources, ensuring proper utilization and accountability.
2. **Management Information System (Our Lady of Good Counsel)** – supported the configuration, updating, and maintenance of the institution's Management Information System, improving efficiency in operations.
3. **Printer Driver Installation & Configuration** – successfully installed and configured **HP DeskJet 3700 Series printer drivers**, troubleshooting printing issues and ensuring seamless connectivity across workstations.
4. **Technical Support** – provided ICT support to staff, assisted in network troubleshooting, and ensured that users experienced minimal downtime.

Ronald has proven to be reliable, hardworking, and resourceful. His ability to quickly learn new technologies and apply them effectively made him a valuable team member during his time with us.

We, therefore, recommend **Ronald Kiprotich** for any professional, academic, or career opportunities in ICT and Software Development. We are confident that he will be an asset to any organization he joins.

We wish him the very best in his future endeavors.

Sincerely,

prof Waithaka mukira

ICT & Software Development Lead
